WEAVER

Elevating Operational Resilience for a Texas County

PROJECT CAPABILITIES SHOWCASE

- **Turnkey IT Infrastructure Replacement**

- **Disaster Recovery Enhancement**

- **Dell EMC VxRail Technology Implementation**

COMPANY SNAPSHOT

Industry: Municipality

The client, a significant municipal entity in Northern Texas, serves a population of over 100,000 residents. This governmental body is crucial in administering vital services and maintaining infrastructure critical to community well-being.

THE CHALLENGE

The municipality was in urgent need of modernizing its outdated IT backbone, particularly the VXRail Cluster that was pivotal to their operations. The outdated system was a liability, threatening the continuity of crucial public services.

THE WEAVER ADVANTAGE

Weaver Technologies, having previously partnered successfully with the client, was chosen again for our commitment to bespoke, cutting-edge IT solutions. Our qualifications and deep relationship with technology leaders like Dell enabled us to uniquely tackle this critical municipal challenge.

Partnering with Potter County allowed us to deliver a customized IT solution, addressing their unique challenges and ensuring seamless deployment and enhanced disaster recovery capabilities.

Kevin Prifogle - Senior Account Executive
Weaver Technologies

WHY WEAVER?

Our proposal for the county involved a strategic implementation of Dell Technologies, drawing on our deep technological expertise and longstanding partnership with Dell. Our ability to tailor solutions to specific client needs sets us apart, ensuring project alignments and success.

THE RIGHT IT SOLUTION

We implemented a turnkey solution using Dell EMC VxRail technology, ideal for replacing the obsolete infrastructure while also relocating legacy systems to a dedicated disaster recovery site. This approach not only addressed immediate needs but also enhanced long-term resilience and efficiency.
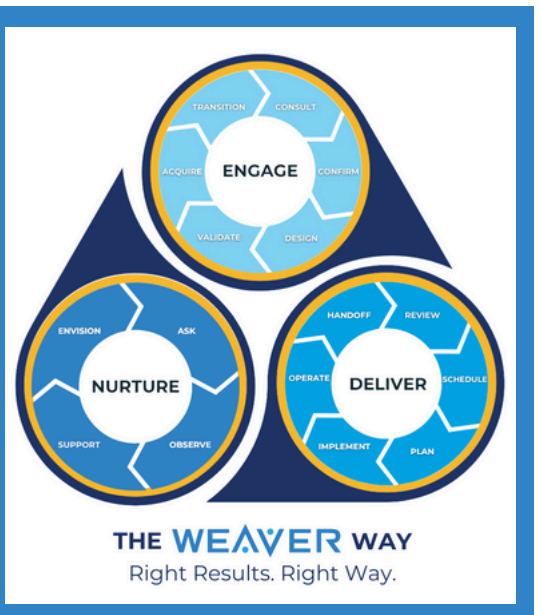

THE RIGHT TIME: EXECUTION

The execution phase was characterized by detailed planning and adaptive strategies to handle emerging challenges. Our team's expertise ensured the project met all timelines and objectives, reinforcing our commitment to precision and client satisfaction.

Committed to Local Government Excellence

Weaver Technologies prioritizes innovation and client-focused solutions, especially within local government. We integrate cutting-edge technology with expert talent to address IT challenges.

Our adaptable approach delivers customized solutions through strategic partnerships with leading tech brands. This precision ensures that we align with local government requirements, facilitating the seamless delivery of essential public services for our clients' continued success.

THE WEAVER WAY
Right Results. Right Way.

WEAVER

OUTCOMES

This project was a landmark achievement, replacing the critical VXRail cluster and establishing a robust production environment with enhanced disaster recovery processes, including nightly remote backups. This infrastructure upgrade significantly bolsters the county's capability to maintain essential services uninterrupted, even in adverse situations.

THE RIGHT REASON

At Weaver Technologies, we are driven by a mission to deliver IT solutions that not only meet but exceed our clients' expectations. This project showcased our dedication to transformative solutions that integrate seamlessly with client operations, as evidenced by the exceptional feedback from our municipal client.

WHERE CAN THE RIGHT IT SOLUTION TAKE YOUR ORGANIZATION?

Unfold the possibilities with Weaver Technologies. As a comprehensive IT solutions provider, we partner with diverse industries, turning challenges into success stories.
